

Australian Defence Force — Role Requirements Overview

Planning guide for common roles across the ADF · Free reference sheet · join-ready.com

Planning reference only. This is an educational planning overview. ADF entry requirements vary by role, service branch (Army, Navy, Air Force), and recruiting cycle. Requirements change over time. Verify all details with the official ADF Recruiting website or a Defence Force Recruiting (DFR) centre.

ROLE	BRANCH	EDUCATION	APTITUDE	FITNESS	MEDICAL	NOTES
Infantry Soldier	Army	Year 10 minimum; Year 12 preferred	ADFAT (aptitude test) required	High — pre-enlistment fitness test	Medical suitability required	Core ground combat; physically and mentally demanding
Commando / Special Forces Candidate	Army (SOCOMD)	Year 12 or equivalent	Above average ADFAT score; selection process applies	Very High — SOCOMD selection	Enhanced medical screening	Separate selection process after initial enlistment; extremely demanding
Combat Engineer	Army	Year 10 minimum; mathematics beneficial	ADFAT — technical aptitude assessed	High	Medical suitability required	Demolitions, bridging, field construction; trade qualifications gained in service
Signals / Telecommunications Technician	Army / Air Force	Year 12 with maths and/or IT; TAFE qualifications valued	ADFAT — higher technical score expected	Standard	Medical suitability required	Communications and electronic warfare systems; security clearance required for some roles
Medic	Army / Navy / Air Force	Year 12 with science; health qualifications valued	ADFAT — higher score expected	Standard–High	Medical suitability required	Clinical care in garrison and operational settings; civilian qualifications may credit into training
Logistics / Supply	All branches	Year 10 minimum	ADFAT score required	Standard	Medical suitability required	Supply chain, warehousing, and distribution; wide range of sub-roles
Military Police	Army / Navy / Air Force	Year 12 preferred	ADFAT — higher score; psychological assessment	Moderate–High	Medical suitability required	Law enforcement and base security; background investigation required
Navy Maritime Role	Royal Australian Navy	Year 10 to Year 12 depending on role	ADFAT — role-dependent score	Standard–High	Enhanced medical screening for seagoing service	Ranges from deck seaman to technical specialist; sea deployment is expected

Based on publicly available ADF Recruiting information. Not an official ADF or Defence document.
